Bros. That is a logo for Mario. Mario is a character in the game. Jun 25, 2020 I have seen people argue that the 'tuning' process is partially responsible for any sonic differences between the two.

Listening is a subjective experience and listeners. I would say any 'tuning' is purely subjective. Maybe you even have a good set of studio monitors and a good set of headphones and your preferences come through more. I have always preferred the TS-20s with my headphones. I'm not
